### Zimbabwe

A nation of spectacular natural beauty, friendly people and rich culture, Zimbabwe's status as one of Africa's leading safari destinations was dampened for years by its political instability. But now that the country is transcending its strife and returning to a state of equilibrium, it is once again emerging as a vacation highlight of the continent. Victoria Falls – known to locals as 'The Smoke That Thunders' – is one of the seven natural wonders of the world and the sheer power of this massive body of water plunging into the Zambezi Gorge is awe-inspiring and unforgettable. Lake Kariba, with its game-rich shores and islands, is an idyllic safari spot featuring mind-blowing sunsets; Hwange National Park is known for its huge herds of elephants; and a kayak trip down the Zambezi through the Mana Pools National Park will appeal to the intrepid traveller, providing close encounters with crocodiles, hippos and a host of other wildlife.

### Victoria Falls (Zimbabwe)

Victoria Falls is one of the world's most impressive waterfalls. It is set on the magnificent Zambezi River which creates the border between Zambia and Zimbabwe. These spectacular falls can be easily visited and viewed from the Zimbabwean side. Considered to be the world's widest waterfalls, Victoria Falls measures an impressive 1708 metres in width. The small town of Victoria Falls, which lies adjacent to the waterfalls, serves as a great base from which to explore the many attractions this area of Zimbabwe has to offer. The surrounding area provides a wide range of adrenalin-filled activities for adventure lovers. Visitors can look forward to an array of wonderful activities including: scenic flights, micro lighting, white water rafting, bungee jumping, kayaking, and once-in-a-lifetime expeditions into the incredible Chobe National Park.
