Malawi

Dubbed 'The Warm Heart of Africa' due to the legendary welcome extended to all who visit, Malawi is a small country with a big heart and an even bigger range of incredible tourist activities! Lake Malawi's vast size, its warm freshwater and its gorgeous surrounding beaches make it a mecca for those seeking a year-round location to swim, scuba dive, snorkel, water ski, sail, kayak, parasail or simply potter about in boats. Malawi also boasts plenty of national parks providing a haven for a wide variety of wildlife including crocodiles, lions, elephants, hippos and even leopard. Culture vultures are also well served by numerous fascinating historical and cultural sites as well as visits to traditional Malawian villages to meet some ever-smiling Malawians going about their daily lives. With all of this exceptional culture, natural scenery and friendliness on offer, this unique African country is enchanting enough to captivate even the most jaded traveller.

Nankoma Island

Nankoma Island is part of the Marelli Archipelago in southern Lake Malawi, where the waters are particularly rich in brightly coloured tropical fish known as cichlids. Swimming and snorkeling with them is an amazing experience, as they flash by in iridescent shades. Incredible birdlife is also evident on the island, with species such as hornbills, kingfishers, paradise flycatchers and owls, as well as cormorants and fish eagles inhabiting the lake shore. Active travellers will enjoy the chance to kayaking around the island, take a boat trip to neighbouring islands or relax on a sundowner cruise.
